

Dave Ruid has worked for the USDA-Wildlife Services for 28 years. He is a Certified Wildlife Biologist and currently is a Supervisory Wildlife Biologist in Rhinelander, WI. During the last 16 years he has managed wolves and black bears in northern Wisconsin in cooperation with the WI DNR. Dave has extensive management experience with mitigating carnivore conflicts in a diverse and fragmented landscape. Dave has a BS degree from Louisiana Tech University and a MS degree from Utah State University.
