

Greg Karch – I live in Oshkosh on Lake Winnebago and youth/adults know me as Captain Greg. I have fished professionally for Walleye and achieved a couple top ten finishes, along with guiding on the Winnebago system and Green Bay. I enjoy pursuing big fish of all species through the ice and open water.

In 2007, I started Learn 2 Fish With Us and our mission statement is 'Grow the sport of fishing by educating and inspiring beginner and experienced anglers'. Over the last ten years I've held over two hundred Fishing Clinics all around the Midwest and have worked with over thirty thousand youth and fifteen thousand adults/parents. My **Fishing Basics** seminar will educate you on all the skills and equipment needed to begin fishing and enjoy the great outdoors. Fishing Basics uses an interactive approach to teach you the skills. Check out our website at www.Learn2FishWithUs.com

In 2015, I was National Professional Anglers Association member of the year for what I have done to grow the sport of fishing. I also received an award from the State Of Wisconsin and Wildlife Forever on my education of fishing and Aquatic Invasive Species.

My sponsors include: Shakespeare, Mercury Marine, Triton Boats, The Boat Doc, Off Shore Tackle Company, Maui Jim Sunglasses, Northland Tackle Company, Plano, Berkley, Garmin Marine, Badger Sportsman Magazine, Tru-Turn Hooks. A special thanks to the National Professional Anglers Association, Dave's Musky Club, Writing By Design and The Reel Shot for their support of Learn 2 Fish With Us.
