

ROB MANTHEI

My name is Rob Manthei. I live to fish and hunt. Whether it is chasing the elusive whitetail or tangling with the mighty musky, I take the same pride and preparation to endure both. I started fishing when I was two years old, and hunted since I was able at twelve. I have fished the waters of Vilas, Oneida, and Iron counties, in Northern Wisconsin, all of my life. This year will be my 23rd year in heavy pursuit of the mighty musky. Whether your preference is walleye, musky, or bass I will teach and lead you to the best locations and techniques at that particular time of the year. I am a strong believer in catch and release.
